Leadership Reality

90%

Boards prioritize risk exposure

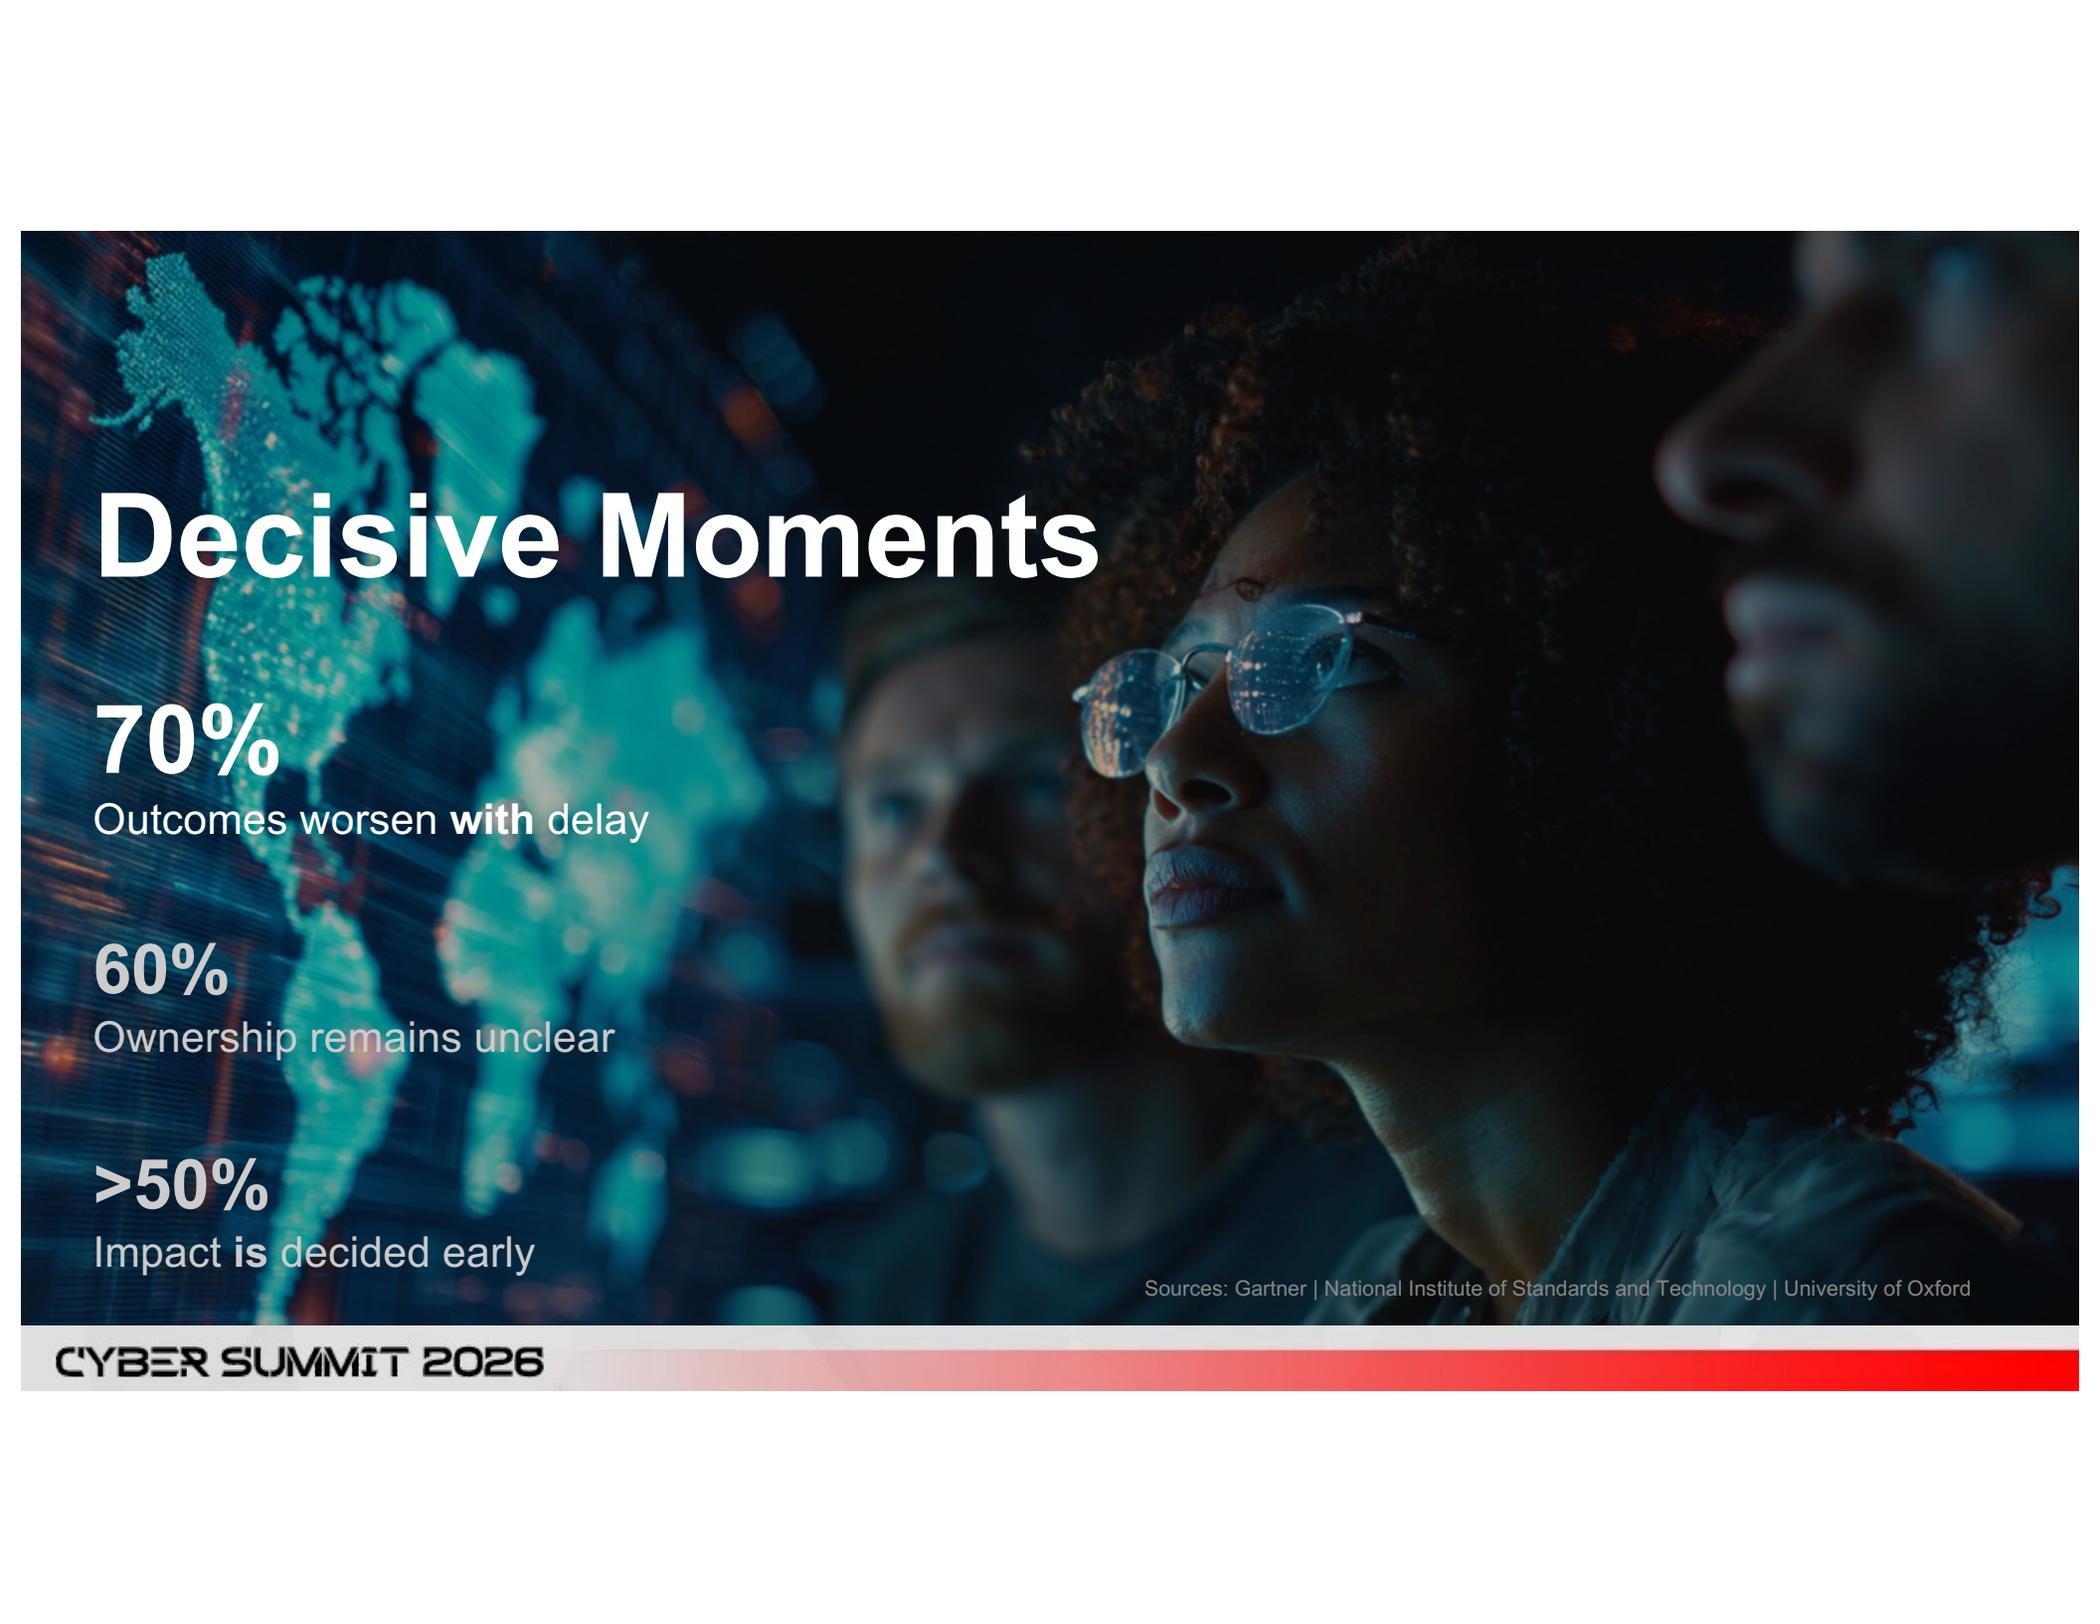

27%

Few achieve resilience maturity

60%

Still lack confidence in their readiness

Sources: National Association of Corporate Directors | International Organization for Standardization | MIT Sloan School of Management

A woman with glasses is looking at a glowing world map with data points. The map is in shades of blue and green, with bright spots indicating data activity. The woman is in the foreground, looking towards the right. The background is dark with some blurred lights.

Decisive Moments

70%

Outcomes worsen **with** delay

60%

Ownership remains unclear

>50%

Impact is decided early

Sources: Gartner | National Institute of Standards and Technology | University of Oxford

Response Failure

60%

Miss recovery targets

2–3x

Higher losses with delay

35%

Lower impact with preparedness

Sources: ISACA | International Monetary Fund | Disaster Recovery Institute International

Resilience Imperative

80%

Downtime is top risk

40%

Losses decrease with resilience

45%

Trust erodes after disruption

Sources: The Conference Board | Edelman Trust Institute | University of Cambridge

Leadership Resilience

62%

Report rising complexity

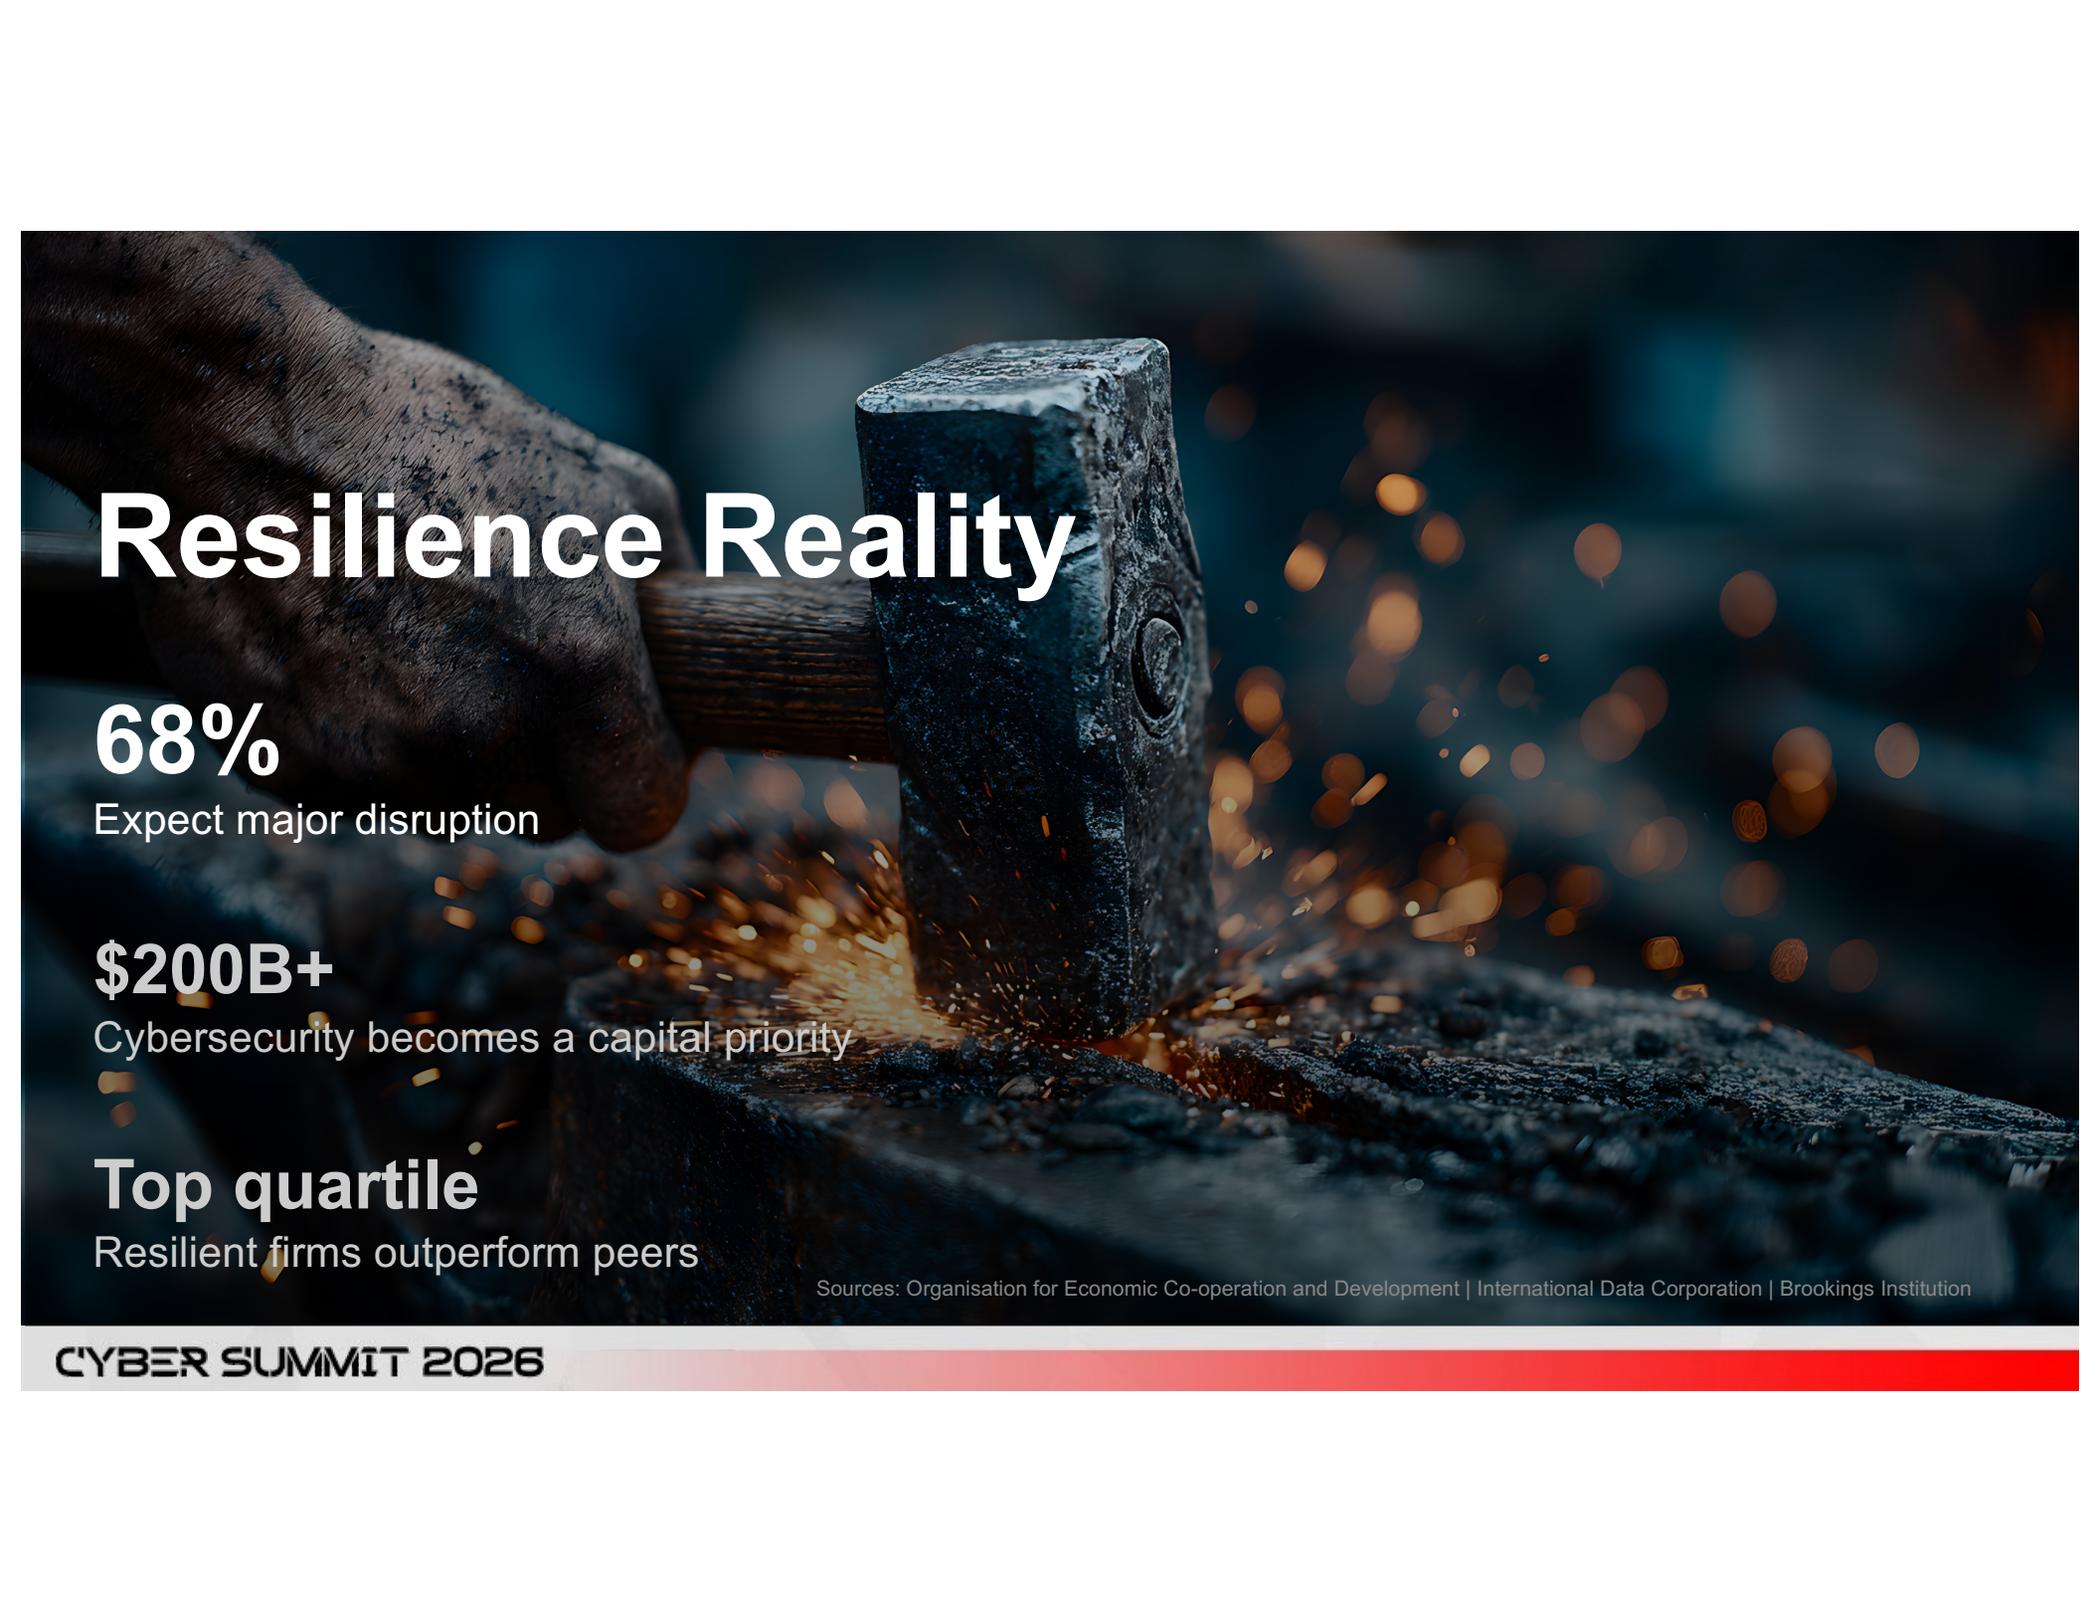

2X

More likely to outperform with aligned leadership

70%

Failures driven by leadership gaps

Sources: World Government Summit | Center for Creative Leadership | Prosci

Resilience Reality

68%

Expect major disruption

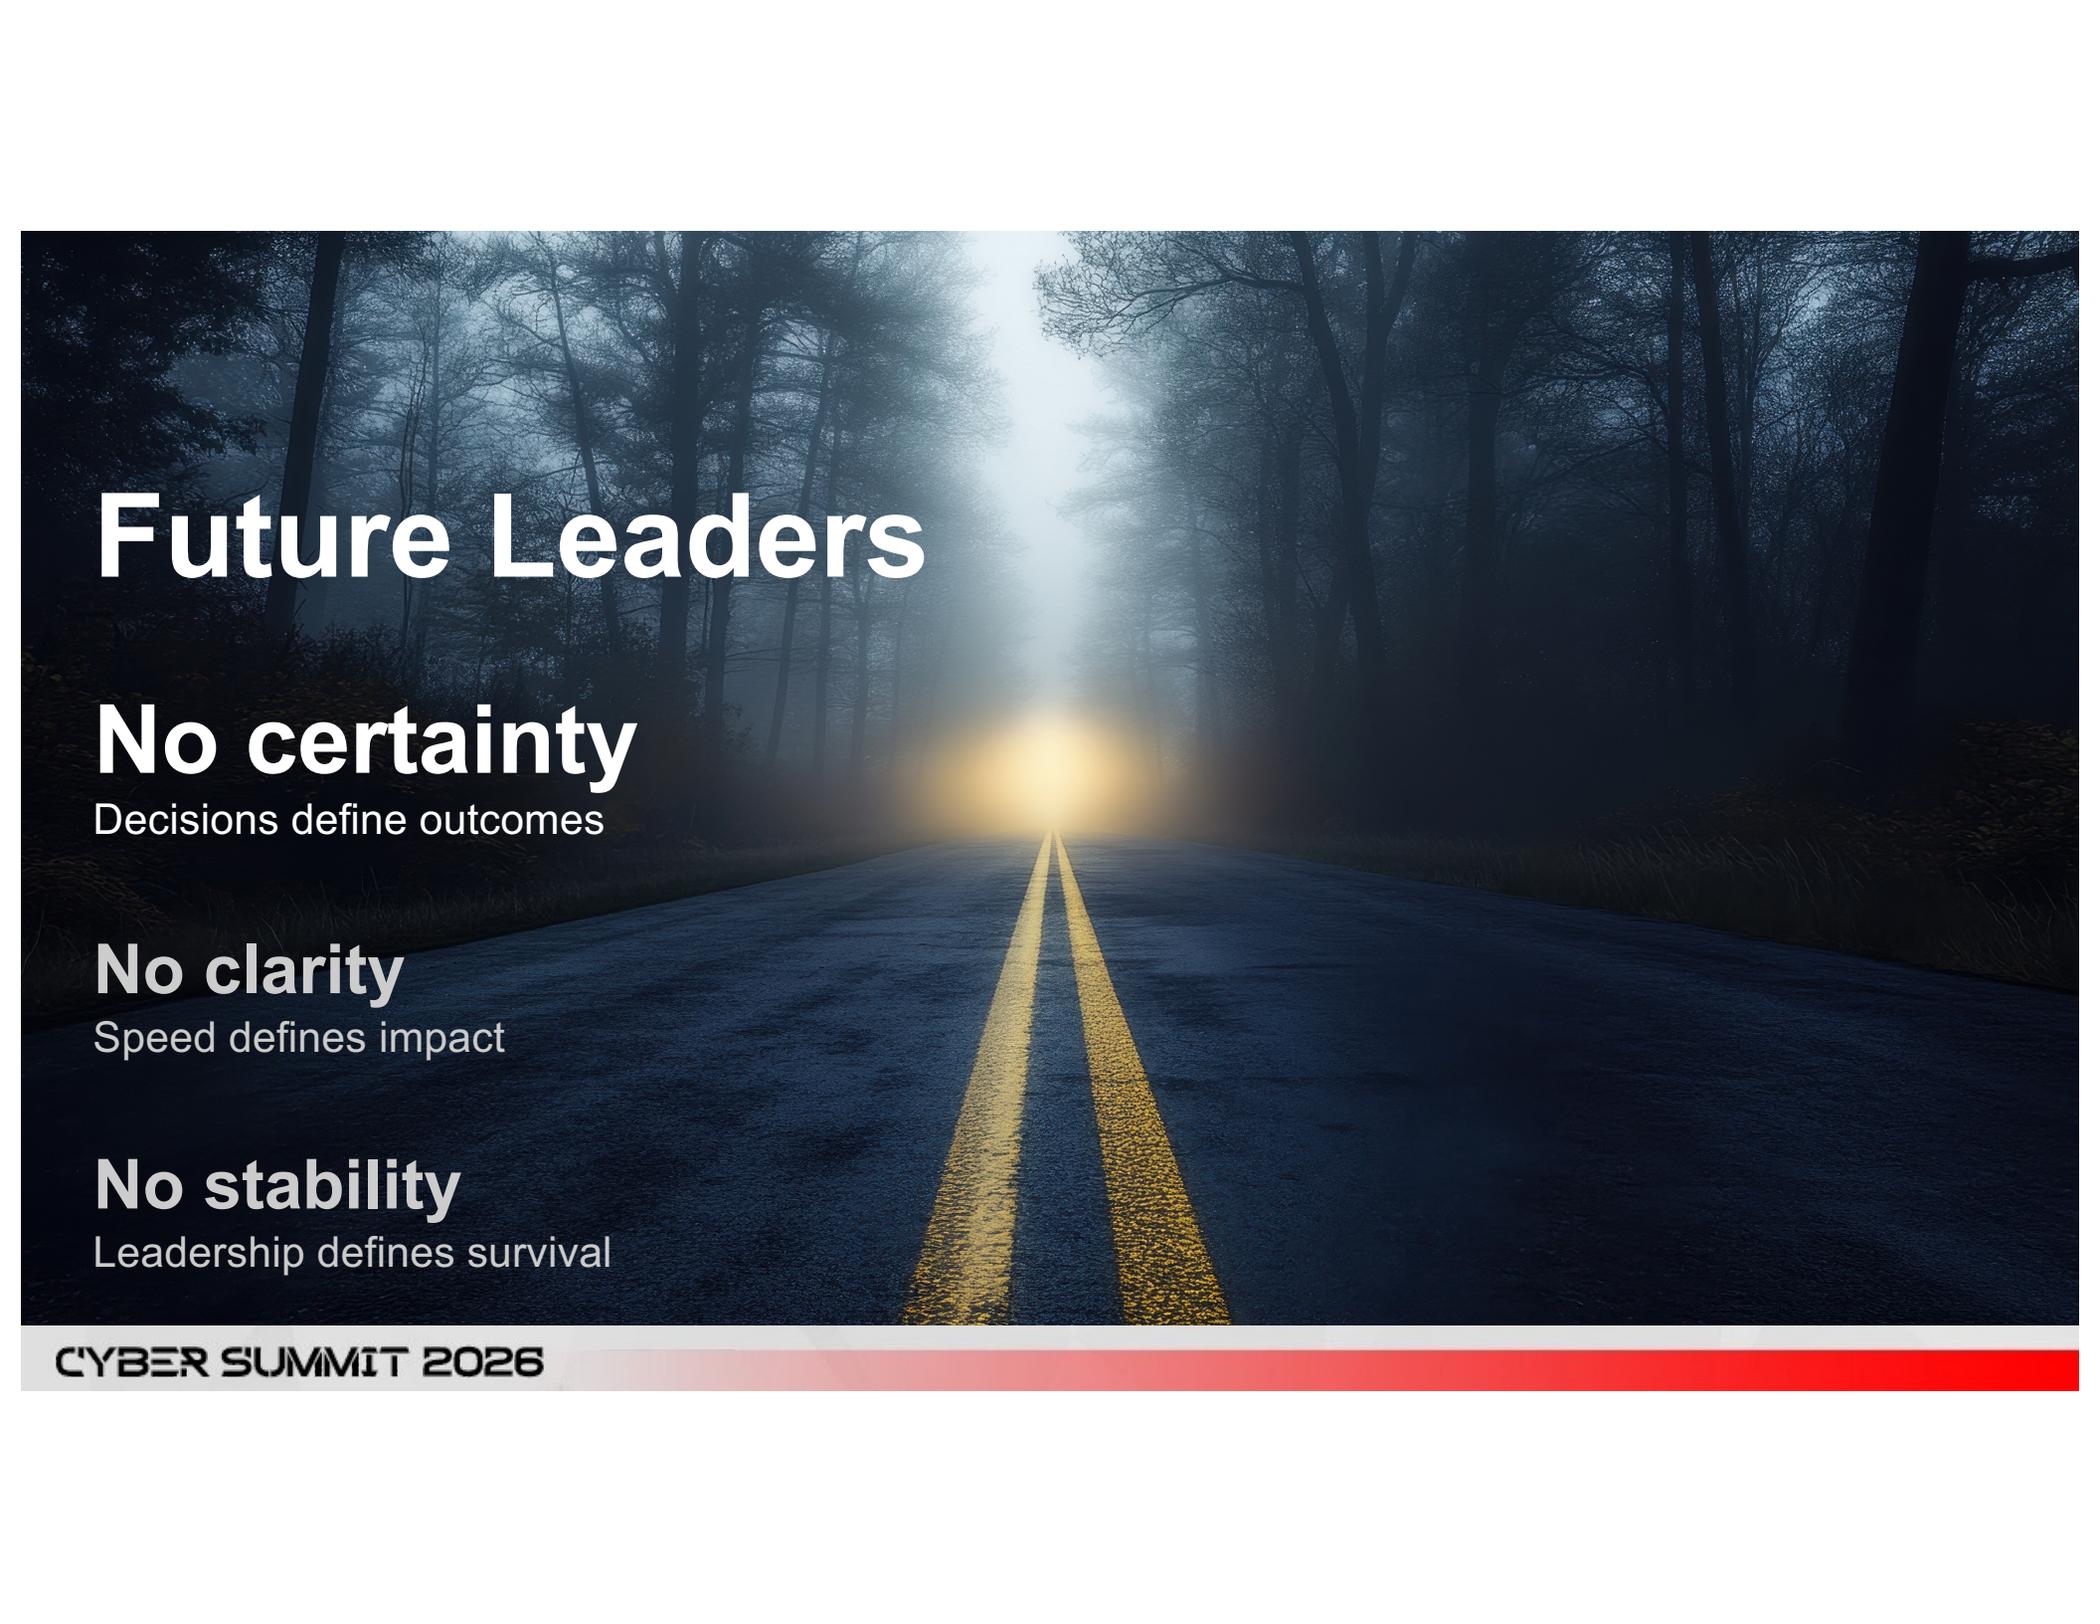

\$200B+

Cybersecurity becomes a capital priority

Top quartile

Resilient firms outperform peers

Sources: Organisation for Economic Co-operation and Development | International Data Corporation | Brookings Institution

Future Leaders

No certainty

Decisions define outcomes

No clarity

Speed defines impact

No stability

Leadership defines survival

A person in a dark suit stands with their back to the camera in a futuristic, brightly lit hallway. The walls and floor are composed of vertical light beams in shades of blue and white, creating a sense of depth and perspective. The floor is highly reflective, mirroring the person and the surrounding light. The overall atmosphere is clean, modern, and high-tech.

Thank You
